Dear LONG XINWEI,

**Congratulations!**

**You passed the May 18, 2019 Financial Risk Manager (FRM®) Exam Part II.**

On behalf of the Global Association of Risk Professionals (GARP), the GARP Board of Trustees and the FRM Committee, we congratulate you on this achievement. For additional feedback, you can review an analysis of your results and performance by logging on to [garp.org](http://garp.org) and going to "My Programs".

**To complete the FRM Certification process, you will need to demonstrate two years of professional work experience**. Go to "My Programs" to submit a brief description (at least four sentences) of how financial risk management is part of your day-to-day job responsibilities. Certificates will be distributed at the end of each quarter (March, June, September, and December) to qualified candidates.

If you fail to submit your work experience within five years, you will need to re-enroll and retake the FRM Exam as a new candidate.

Once Certified, you may use the FRM designation on professional correspondence. You can also opt-in to the Certified FRM Directory and display your digital certification badge on social networks.

We also encourage you to take advantage of engaging with the broader risk community through GARP Chapter Meetings, webcasts, news alerts, risk publications and more at [www.garp.org](http://www.garp.org).

You will also receive details about the GARP Continuing Professional Development Program. While voluntary, participation offers an opportunity to stay up to date with industry trends and demonstrates commitment to developing your risk management skills.

Best wishes for success in your risk management career.

Sincerely yours,
